

**Meeting Name:** Symbology Consolidation Committee Meeting

**Date:** Thursday, February 4, 2010

## **Key Discussion Points:**

### Agenda

Erin Collins, OCC opened up the meeting welcoming everyone to the 1<sup>st</sup> of many Symbology consolidation meetings.

Dave Harrison, OCC gave the following background, stating since the industry has finalized testing with last Saturday's 01/30/10 test, the focus will be for production support, implementation and consolidation events starting in February. The Implementation guide has been published to the website and we will be using the same structure has the previous every third Wednesday Symbology Committee meeting calls, focusing on answering questions regarding the consolidation events.

Dave introduced some new team members to the call, John Peplinski, Vice President National Operations and Chris Hudon, Director National Operations. Both John and Chris support Masterfile maintenance in production, in addition to being in charge of the leap rollover process in production. If you have any consolidations questions for John or Chris you can sent them to the newly created OCC consolidation email address at [OSI\\_Consolidation@theocc.com](mailto:OSI_Consolidation@theocc.com). John, Chris and all Membership services representatives are included in this email address. Please do not email anyone directly.

Version 1 of the Implementation plan is published on the website under Implementation. Also, posted are the Preliminary Consolidation spreadsheet and the Preliminary Half Point Strike Consolidation spreadsheet.

Dave announced that these meeting will be held from now going forward every Thursday morning until May at 10:00 a.m., CT, 11:00 a.m., ET.

**Next Meeting:** Conference Call – February 10, 2010 – 9:00 AM, CT (10 AM, ET)

**Call in:** Phone: 800.582.9056 Room: \*8818637\*
